

UNITED METHODIST CHURCH OF LUDINGTON

ENHANCE THE CROSS

April 22, 2013

Present:

Lew Wilson, Cathy Webster, Betty Tabor, Steve Scott, Dan Sleeman, Sandy Sgro, Marcia Olmstead, Ted Radtke and Ramona Myers.

- ❖ An account has been established to help fund project of Enhancing the Cross and thus far there has been \$1,050 in donations.
- ❖ Dave North provided the name of a company that has sound/acoustical panels. They also carry drapes and some samples of the colors were provided.
- ❖ Dolores McGee, interior designer, was contacted. Ms. McGee looked at altar area and gave some suggestions/ideas. She put those on paper with those suggestions/ideas drawn so group could see them.
- ❖ A painter was also contacted about possibly painting the back wall - estimate was \$250 to fix dry wall and \$1800 to paint entire wall.
- ❖ Also a suggestion to put Wainscoting behind choir chairs – oak and it would be approximately 4 feet tall (as this comes in sheets 4 x 8).
- ❖ Another suggestion was made to perhaps paint a border of a slightly different color and this would give the appearance of a border around cross and banners.
- ❖ Some checking will be done to see if money donated for acoustics could be used

for this project as well

.
Group decided on some priorities:

- 1) Ted will look into the lighting – to see how it could be directed more to the cross without the choir area losing their ability to see their music.
- 2) More research will be done on the draperies.
- 3) Ted to email Harold Weiland to get his response regarding the Wainscoting and his approximate return to Ludington.

Meeting adjourned at 8:25 pm
